MUNICIPALITIES IN DECREASING POPULATION ORDER, CANADA, 1976

INTRODUCTION

This document gives the final population counts of the 1976 Census for all municipalities in Canada in decreasing population order.

More detailed information relating to municipalities will be available in Volume 1 of the regular publications series. Comparative 1971 and 1976 population counts will be provided by regional bulletins (Catalogue Nos. 92-802 to 92-805) and socio-economic characteristics will be provided for municipalities with a population of 5,000 and over in another bulletin (Catalogue No. 92-810).

NOTE

It should be noted that the parts of Flin Flon falling in Manitoba and Saskatchewan, and the parts of Lloydminster falling in Saskatchewan and Alberta, are treated as separate municipalities. Consequently, the population appears in 2 parts in this document. The combined population of the 2 municipalities forming Flin Flon is 8,560 and those forming Lloydminster is 10,311.

MUNICIPALITÉS EN ORDRE DECROISSANT DE POPULATION, CANADA, 1976

INTRODUCTION

Ce document présente les chiffres définitifs de population en ordre décroissant pour toutes les municipalités du Canada au recensement de 1976.

On pourra se procurer de plus amples détails sur les données municipales dans le volume 1 des publications régulières du recensement de 1976, telles que les chiffres comparatifs de 1971 et 1976 par bulletins régionaux (nos 92-802 à 92-805 au catalogue) et les municipalités de 5,000 habitants et plus recoupées par des caractéristiques socio-économiques (no 92-810 au catalogue).

NOTE

Il est à noter que les parties de Flin Flon qui se trouvent au Manitoba et en Saskatchewan, et celles de Lloydminster qui se trouvent en Saskatchewan et en Alberta, sont considérées comme des municipalités distinctes. Par conséquent, leur population apparaît en 2 parties dans ce document. En regroupant les 2 municipalités formant Flin Flon, on arrivera à la population totale de 8,560 et pour Lloydminster la population totale sera 10,311.
